Candlelight ceremony to be held Sept. 23

A Candlelight Vigil, coinciding with ceremonies throughout the world focusing on children's needs, will be held on campus Sunday, Sept. 23. Sponsored by the Division of Nursing and the Student Nurses Association, the free program of entertainment and activities begins at 6 p.m. by the campus lake, culminating with the lighting of candles at nightfall.

More than 500 candlelight vigils are planned in approximately 40 countries to focus world attention on the plight of children and inspire action to address their needs. According to information from World Summit for Children organizers in Washington, D.C., 100 million children will die of malnutrition and disease during this decade if present trends continue; 40,000 children die unnecessarily each day; and almost half the lives of children under the age of five can be saved by means currently available.

Community, church and school groups, as well as individual adults and children, are invited to participate in the ceremony. For more information call Dr. Marian Rowe in the Division of Nursing, ext. 7320.

INTERCOM is published every other Monday (excluding holidays) during fall and spring, and once monthly during summer sessions, for UT Tyler faculty & staff. Deadline for written material is Wednesday before publication in the Public Information Office, ADM 221.
